Canfield Connector is known for its robust connections with an American twist, and the CANFAST brand of M12 round electrical connectors are no exception. Further strengthening our commitment to customer satisfaction, our CANFAST line of molded round connectors enables us to not only greatly expand our existing product line, but also takes our custom design capabilities to another level.

The growing family of CANFAST round connectors provide customers with the confidence in knowing they have a superior, highly effective solution for their mobile connection needs. We are able to directly match and exceed our competitors' offerings and produce completely custom cordsets, while offering shorter overall lead times. Available in all industry styles, the CANFAST round connector brand is made in the USA to strict quality standards.

Contact our Customer Service Team to request a sample by calling **1-800-554-5071** or emailing **customerservice@canfieldconnector.com**
